THE SAN FERNANDO VALLEY HIGH SCHOOL ADVISORY COMMISSION

BACKGROUND

Seven years ago, the pilot program for the High School Advisory Commission began. It included participants from six different high schools within the California's 40th State Assembly District. The program was so successful that we expanded the Commission to include public and private high schools within the greater San Fernando Valley.

PRE-REQUISITES

Applicants must be enrolled at their respective schools as a 10th, 11th or 12th grader during the Fall Semester of the 2005-2006 academic year. Beyond the initial application process, a select number of applicants will be called back to participate in a final selection process early this fall. Your attendance on this day is mandatory in order to be considered for membership on the Commission.

COMMITMENT

Those who are selected as San Fernando Valley High School Advisory Commissioners will be asked to attend mandatory meetings during the course of the first semester of the academic year to review legislation for Assemblymember Lloyd Levine. Additionally, other unique projects and opportunities will be available for the Commission. We are looking for students who are serious about being a part of and contributing to this unique group.
